Volunteer of the Year Award Winner for 2010: Doug & Pat Blakely

Jason's nomination of Doug and Pat included this story from the Regina Beach Triathlon: On the Thursday prior to race-day Doug and Pat helped put together the race bags. Then worked at race-package pickup on Saturday. When the package pickup was finished, they drove to Regina Beach to help with the setup for the race.

On race morning, Doug and Pat recognized that there was a shortage of volunteers and both offered to not race and volunteer instead. This offer was refused and they raced: Doug finishing 3rd in the 60+ Men's Olympic and Pat being the only 60+ Women's Olympic racer. If that wasn't enough, Doug and Pat remained at the race site for a couple of hours helping with teardown. They take volunteering to a very high level.
