

Name: Shawn Rempel

Phone: 306.222.3654

Address: 567 Atton Lane, Saskatoon, SK S7W0K6

STAC Number: SK000273

Nominated By: Brad Spokes

For the last two years I have worked with Moskowitz Capital as the Director of Business Development for Western Canada. My primary focus is portfolio growth and management for the mortgage investment corporation. Previously, I worked in the digital health and wellness space with Total Health Interactive and previous to that with Huskie Athletics as the Director of Marketing. I currently serve as the President of the Board of Directors with STAC and in 2016 I competed at the Ironman World Championship after earning a qualification spot at Ironman Canada.

I would like to continue serving on the board as I have a passion for the growth and development of triathlon from the grassroots level.

With extensive experience in athletic program administration and leadership, I am confident I can effectively represent the membership and steer the organization towards a common goal. Furthermore, my applied knowledge is complimented by a Master's degree in Business Administration (MBA) and a Bachelor of Science degree in Kinesiology.
