STAC Club Eligibility Requirements:

Clubs must renew their affiliation with the Saskatchewan Triathlon Association on an annual basis as either a For-Profit (A) OR Not-For-Profit (B) club. Until the document has been received and approved by STAC, the club and its activities will not be considered sanctioned. Not-For-Profit Clubs are eligible for funding and grants.

1. (B) All clubs must submit to STAC a full list of club members including name, address and email annually.
2. (B) All clubs must submit copies of their AGM minutes as well as financial statements.
3. (B) All clubs must submit a copy of their bylaws annually highlighting any changes to bylaws approved at the AGM or special meetings of members.
4. For-profit versus non-profit status: The Saskatchewan Triathlon Association may approve club status to any group meeting the eligibility requirements listed in this document. This includes clubs deemed as not-for-profit and for-profit entities. To be considered a not-for-profit club, the club in question must be formally recognized by the Government of Saskatchewan or a similar body as a registered not-for-profit.
5. Eligible for Member Assistance Program Grant Funding (MAP): Officially registered not-for-profit STAC recognized clubs are eligible for all MAP opportunities provided by the Saskatchewan Triathlon Association. Club sanctioned by STAC but not recognized as not-for-profit may be eligible for MAP Grant funding in special circumstances but generally are ineligible to receive MAP Grants. For-Profit clubs can apply for special grants and funding for good or services that will benefit the STAC membership without any financial gain or advantage over any other club.
6. (AB) Clubs with a member or members under the age of 19 years must provide a criminal record check on behalf of their listed coaches every year.
7. (AB) All lead coaches and participants in Club training sessions must be current Saskatchewan Triathlon Association members.

Name of Club: _____

Club Membership September 1- September 30 (13 months to align with STAC membership) or Calendar year (circle 1) or Other : _____

Club Web Site: _____
